## **Department of Computer Engineering**

**Date: 14/10/2017**

### **Report of Industrial visit**

As a part of the curriculum of soft skills, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be useful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

Industrial Visits was conducted under the Soft Skills course as prescribed in SE Computer Engineering syllabus of SPPU on 13/10/2017. The Industrial visit was planned to go at Katraj Milk Processing Plant, Pune, Maharashtra.

The visit was conducted in its true spirit and was really helpful for the students to understand automated system in milk dairy. Our students are very eager to visit technical department of Katraj Milk Processing Unit, which currently doing the practical implantation of Automation Processing unit. Automation technology is changing the way of produce milk, and the benefits are far-reaching: improved profitability, milk quality, lifestyle and animal welfare. It can also provide the information about the automation technique and embedded system use in production plant.
