

# AICTE APPROVED BACHELOR OF VOCATIONAL COURSES (B.VOC)

## What is B.VOC COURSE?

- B.Voc (Bachelor of Vocation) is an emerging course of 3 years Duration that aims at providing adequate skills required for Industry
- Benefit of pursuing B.Voc degree course is that a candidate has multiple exit points during this programmed and continuous industry exposure
- If a candidate is unable to complete his/ her BVoc course, he/she is still awarded a diploma after successful completion of first year or advanced diploma after successful completion of second year.

## Objectives of B.VOC Course

- BVoc aims at providing adequate skills required for a particular trade. The course is different from traditional academic programmes as it deals more with application-based studies rather than focusing on only theoretical knowledge
- The objective of this course is to impart skills to students to meet the current expectations and requirements of the automotive, manufacturing ,Refrigeration and Electronics industry. After successful completion of course, the student gains basic knowledge about engineering and also improves their skillset. This degree is equivalent to any other bachelor's degree granted by the University Grants Commission (UGC).

## Salient features of B.VOC

- ❖ skilled based education in emerging technologies
- ❖ Development of Entrepreneurial qualities and habits among the upcoming youth via the help of proper training and expert counseling.
- ❖ Provision to the students by means of predefined entry and multiple exit points.
- ❖ After completion of B. Voc Courses ( NSQF level- 7 Certification ) students are eligible for PG and Post Master/ Research Level.
