

OVERVIEW OF FOREIGN LANGUAGE CLUB APCOER PUNE

About Us:

With the vision of making our students well acquainted with various foreign languages as they play crucial role in evolving our nation globally, APCOER PUNE have started Foreign Language Learning Program through Foreign language club for our students as well as faculties.

Highlights of the Club:

The sole motive of this club is to encourage and provide learning environment to our students to learn foreign languages through online/offline activities. The prime benefit to every individual with the knowledge of these foreign languages is that it becomes easy to work for a company with global business connections and its counterparts, in turn developing one's Quality of Service. Throughout year, we will organize foreign language activities, talks by various professors, workshops, and numerous other informal and formal sessions, giving students a way to explore foreign language that normally wouldn't be discussed in the classroom. We also meet semi-regularly throughout the semester to engage in conversation and the enjoyment of foreign languages. All are welcome to become members, regardless of branch or year.

Aim:

- To build a strong foreign language skill in student.
- To provide opportunities to students for enabling them to explore areas of foreign language outside the classroom, enhance inter-student communication and co-operation and begin preparing for future careers in foreign languages with their technical skill knowledge.
