LETTER OF RECOMMENDATION

To whom it may concern,

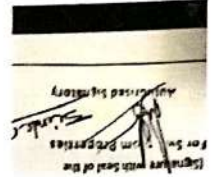

I'm pleased to write down this recommendation in favor of Mr. Manav Sharma who directly reported to me for a post as a Project Engineer Intern for One Month (March 2022 to April 2022) at Swami Om Properties. I'm the Founder of Swami Om Properties and do have the expertise of quite 17 years within the construction industry domain. Manav joined our organization and did assimilate well in a very short period. He was quick at understanding the work necessities as a Project Intern and dealt with process areas in Estimation and costing of the Projects, assisting in supervising construction projects with Senior Engineers.

In addition, he directly interacted with the training in the following areas of labor in our industry such as directing the construction of the Residential Building Project, guiding worksite labor, delivery and installation of materials and equipment, assisting Senior engineers on-site inspection to make sure compliance with project specifications.

Good interpersonal skills along with a curious mentality to find out concerning new things were his core strengths. He often attended safety workshop on construction safety and motivated the employees that are related to our organization. Manav is hard-working and I wholeheartedly advocate him for a footing at your reputable university

Manav would be an asset to your prestigious institution. I'm assured that he'll excel at the endeavors he takes up even post his master's program and I do wish him all the very best in his future endeavors. Please feel free to contact me if required any information and discussion.

Sincerely,

Mr. C.V. Shinde,
