<b>EVENT REPORT</b>			

detailed and interactive session on 'Trends in software Testing'. She has focused on software testing. She has given detailed presentation on following points as

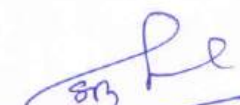

1. The future belongs to open source tools.
2. Agile and DevOps
3. Automation via distributed clouds
4. Performance Testing
5. Automation to enhance AI security defense
6. IOT
7. Automation using AI and Machine learning (ML)
8. Tools used in automation Testing
  - i. Selenium
  - ii. UFT
  - iii. Tosca
  - iv. SOAPUI
  - v. POSTMAN
  - vi. Jmeter
  - vii. Appium
  - viii. Eggplant

After her session, question answer session was there. Students has asked many questions to her. She has answered the questions in very descriptive way. Feedback given by some students as session was really helpful and interactive session. Vote of Thanks given by Prof. Vaishali Bhimte. She has given thanks to Alumni speaker Ms. Kalyani Waghmare for giving such a nice session to our students and taken out time out of her busy schedule. Also, thanks given to our Management and Principal for giving permission to organize such a session. Thanks given to organizing committee at last. The programme was helpful for our students in choosing career path. Students got knowledge about new trending technologies for career breakthrough in IT industry. The programme was concluded.
