Brief Description of Workshop:

Savitribai Phule Pune University in association with all the university affiliated colleges organized, the 7th International Yoga Day was celebrated on 20 June 2021 to 21 June 2021 to bring peace, harmony, happiness and success to every soul in the world. Yoga is a mental, physical and spiritual practice that needs to be carried every day. Patricians chance to know how yoga embodies unity of mind and body. Yoga is an old discipline from India. It is both spiritual and physical. Yoga uses breathing techniques, exercise and meditation. It helps to improve health and happiness.

Yoga has been studied and may be recommended to promote relaxation, reduce stress and improve some medical conditions such as premenstrual syndrome. Yoga is considered to be a low-impact activity that can provide the same benefits as "any well-designed exercise program, increasing general health and stamina, reducing stress, and improving those conditions brought about by sedentary lifestyles". It is particularly promoted as a physical therapy routine, and as a regimen to strengthen and balance all parts of the body

Dr. Manmath Manohar Gharote, was discussed on the topic of real concept and utility of Yoga in Modern era, he said While living a modern life, your brain is constantly engaged in endless thoughts and never rests in tranquility. As a result, you lack focus, skill and vitality. The yoga calms the brain and enhances its vital functioning. This makes it the most effective and important practice to adopt in modern times.

Prof. Raj Sinnarkar, discussed on the topic of Day to Day life and Yog, he said yoga is not a religion, it is a way of living that aims towards a healthy mind in a healthy body. Man is a physical, mental and spiritual being; yoga helps promote a balanced development of all the three. Yogic exercises recharge the body with cosmic energy and facilitates: Attainment of perfect equilibrium and harmony, Promotes self-healing, Removes negative blocks from the mind and toxins from the body, Enhances personal power, Yoga to live with greater awareness, Helps in attention, focus and concentration, especially important for children, Reduces stress and tension in the physical body by activating the parasympathetic nervous system, Yoga for better relationships, The aspirant feels rejuvenated and energized. Thus, yoga bestows upon every aspirant the powers to control body and mind.

Shri. Govind Gadgil, given and useful information on the topic of yoga for covid-19, he said Yoga may play significant role in the psycho-social care and rehabilitation of COVID-19 patients in quarantine and isolation. They are particularly useful in allaying their fears and anxiety. He thought the different yoga postures like Vrikshasana, Uttanaasana, Trikonaasana, Bhadrasana, Shashankaasana, Bhujangasana, PawanaMuktaasana, finally ended with Pranayama and meditation.

Prof. Milind Patre, he delivered session on Yoga For Evaluation of Human consciousness, he said The science of Consciousness and Yoga is a never-ending subject to be discussed and to be studied. Consciousness is a non-physical entity, which is essentially different from the four basic entities of space, time, energy and matter of the conventional science. Consciousness does not have any physical attribute or property or action, but is endowed with autonomous will power of creation, retention and annihilation of the knowledge of an individual or that of the universe. The present volume of "Human Consciousness and Yogic Science is an attempt to understand the mystery of Consciousness in perspective to Yoga.
