**EVENT REPORT**

Name of Event: APCOER Alma Connect Program

Date of Event: 01/08/2020

Time of event: 02.15 to 3.45 PM

Name of Event Coordinator: 1. Prof. Mandar Kakade – Secretary, Alumni Association  
2. Prof. Shailesh Hajare – IQAC Coordinator, APCOER  
3. Prof. Vikaskumar Mehtre/Prof. Ashish Pawar – Departmental Alumni Association Coordinator

Name of Alumni: Mr. DSR Kiran, Sr. Manager, Accenture India

Brief Introduction of Alumni: DSR Kiran completed his Masters in 2019 from APCOER, Mechanical Design. And today he is going to speak on condition monitoring advancement in the industry. He started his career in 1998 with a campus placement in L&T as a maintenance engineer. From there he developed his interest in Condition monitoring, and got trained in various techniques of Non-destructive testing.

After 7 yrs he moved to Suzlon Energy Limited in Pune, as deputy manager for condition monitoring of wind turbines. And then joined SKF India limited in 2006. With SKF he was handling reliability services for India territory, and worked with various industries across India.

He then joined GE- General Electric India as Services manager for Asia Pacific region, and continued his interest in Condition Monitoring and worked on its advanced utilization in the industry.

For last 2.5 years he is with Accenture, and leads the Centre of Excellence for Asset performance management.

### EVENT REPORT

#### Brief Description of Event:

- Introduction of Inaugural Function
  - Followed by Prof. Mandar Kakde illustrated the Event ALMA Connect Program, Introduction given by Prof. Ashish Pawar, Asst. Professor, Mechanical Engineering about Alumni Speaker Mr. DSR Kiran, Sr. Manager, Accenture India
- Brief Session Description
  - DSR Kiran talked about Condition monitoring techniques in machines as well as types about failure patterns in that. Then he covered the topic of maintenance generations with respect to benefit by technological developments viz. Reactive, Planned, -Preventive, Predictive, Proactive, and Collaborative Maintenance. He also shared the knowledge why condition monitoring technique is required?
  - Many defects can be segregated by frequency, what will be the future in Predictive maintenance techniques (analytics).
- Feedback/ Q-A Session/ Valedictory Function
  - Question ask from some students on some condition monitoring techniques, how to implement it, when to implement it. Discussed about bath tub curve on failure analysis by giving the example of bore cylinder of 2 wheeler motor cycle with respect to Predictive and Preventive Maintenance Technique which was resolved by Mr. DSR Kiran.
- Vote of Thanks
  - Vote of Thanks given by Prof. Vikaskumar Mehtre for the session.
