Report of Industrial visit

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be useful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

Industrial Visits was conducted under the audit course 4 as prescribed in TE Computer engineering syllabus of SPPU on 21/03/2018. The Industrial visit was planned to go at Gokul Milk Processing Unit, Gokul Shirgaon, Karveer, Kolhapur, Maharashtra.

The visit was conducted in its true spirit and was really helpful for the students to understand automated system in milk dairy. Our students are very eager to visit technical department of Gokul Milk Processing Unit, which currently doing the practical implantation of Automation Processing unit. Automation technology is changing the way of produce milk, and the benefits are far-reaching: improved profitability, milk quality, lifestyle and animal welfare. It can also provide the information about the automation technique and embedded system use in production plant.
