6. **Brief Report:-**

As a part of the curriculum, the students are required to undertake Industrial Visits to a few industries of repute. We feel it will be useful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical applications of theory.

Industrial Visit was conducted on 23/02/2018. The Industrial visit was planned to go at Britannia Industry Limited, Ranjangaon, Pune, Maharashtra.

The visit was conducted in its true spirit and was really helpful for the students to understand automated system. Firstly our students were introduced with the Safety Majors and some Protocols of the company by Experts. Further students were taken for the tour of actual Biscuit Making Process, and at every step the experts provided the information about how and why the automation technique and embedded system is used. Our students were enlightened with practical implementation of Automation Processing unit. At the end, students were asked to share their experience by experts in which students mentioned about Good Safety, Hygiene and Automation of the Industry.

Students gained the knowledge and able to understand the following:

- Processing product from raw material
- Latest machinery setup and Equipments
- Safety Majors of Industry.
