About the Event:

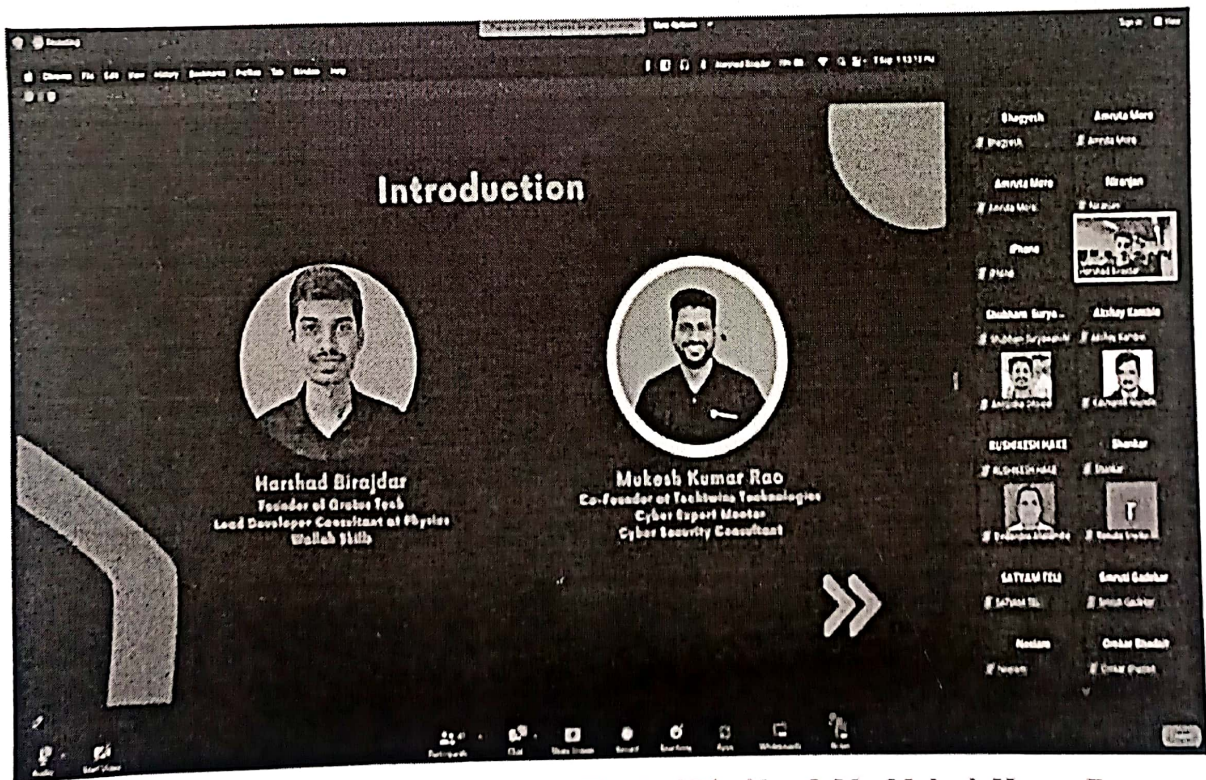

Institution Innovation Council (IIC) of Anantrao Pawar College of Engineering & Research, Parvati, Pune has organized webinar on Aug 28, 2022, titled 'Accelerators/Incubation opportunities for students and faculty-early stage entrepreneurs'. It was well-received by more than 150 participants of Computer Engineering Department. Prof. Amruta More started the session with a warm welcome to all the attendees, She introduced the Institution Innovation's Council (IIC) and gave an overview of its function & activities. Prof. Dewendra Bharambe introduced the guest speaker, Mr. Harshad Birajdar, Founder of Gratus Tech..

Mr. Harshad Birajdar said that an ecosystem is important that will foster innovation and entrepreneurial spirit among the students and faculty. According to her an incubation centre is the institution that nurture & extend new ideas; otherwise there is wastage of talents. Now it is the requirement to transfer technology to industry. A good infrastructure is necessary for an incubation centre where there is a group of students, scientists & constant monitoring is existing. She also gave emphasis on pre-incubation centre. Pre-incubation centre constantly support ambitious and innovative entrepreneurs by enabling them to transform their ideas into a minimum viable product. Stability in the idea is required; it is not constantly changeable. Sustainability is foremost important for incubation centre. Proper funding is

necessary to execute the activities & so continuous searching for sponsoring agencies are needed. He also told various funding sources. To initiate the start-up, an incubation centre is important. Technology Readiness Level (TRL) is discussed by her. It is a method for understanding the technical maturity of a technology during its acquisition phase. According to him, those organizations have TRL value between 4 to 5, they will get sponsorship easily. He emphasized that constant interaction with the students is another important aspect. She boosted the confidence of all the attendees. Sticking to the thought process is very important & efforts should be invested in that direction. Failure can't stop; but failure makes you much more responsible & dedicated to the work. So that success stories are created & inspired by others also.
