He is proficient in a range of technologies and tools like MS Project, JIRA, Salesforce, and Oracle Siebel. He bring a wealth of knowledge to the table for successful project execution.

Brief Description of Event:

The workshop commenced with a warm welcome address delivered by Prof. Swati Joshi, followed by the felicitation ceremony, our Head, Prof. Sneha Salvekar, introduced the Design Thinking, Critical Thinking, and Innovation Design workshop. The resource person was then introduced by Prof. P. S. Hanwate. Dignitaries shared their thoughts ad insights related to Design thinking and Critical thinking, wherein Shri Dhairyashil Vandekar sir expressed the need of such evolving technologies to sustain in the evolving market. Dr. Vijay Vadhai, Hon. Principal Prof. Poonamkumar Hanwate proposed the Vote of thanks of Inaugural Session. Subsequent sessions were conducted by Resources of the workshop.

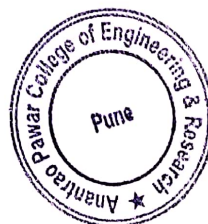

Session by Mr.Makarand Pathak

Sir has extended a collaboration opportunity with APCOER, Pune where students will get a chance to work in the Uptick, Singapore as an intern where the students will develop product by their own under mentorship of the uptick Product manager and the Team Lead. He also explains the students how the Product Developer is now required in the market not a Software Developer. He will also make the students industry ready and make them capable of deciding in which field they have to develop themselves.

Session by Mr.Pratap Shukla

Sir developed interest and awareness about design thinking critical thinking and innovation design among the students. He guided students in product development how big companies think built the product which are better for user. He also helped students understand how to develop skills and how to break the process into smaller goals and set milestones related to it through activities. Overall workshop develops a great knowledge among the students. Shukla Sir also announced collaboration of his company Take it Ideas Innovation Pvt. Ltd. through development of center of excellence in design thinking for APCOER students. This event played a pivotal role for all final-year students, providing a valuable opportunity to deepen their understanding of Design Thinking, Critical Thinking, and Innovation Design.
