NEWSLETTER

Vision

Committed to comprehensive development of students through quality technical education.

Mission

1. To Provide state of art infrastructure that shall create ambience to encourage novel ideas, research activities and consultancy services
2. To inspire students in creation & entrepreneurship
3. To create future technocrats with intelligence, technical skills,& good ethical moral values so as to serve needs of society & industries
4. To provide healthy Teaching-Learning environment that will cultivate contemporary research activities, innovations & inventions
5. To develop Center of excellence in technical education

Goal of Institute

- Imparting quality engineering education
- Provide healthy environment for physical, intellectual, emotional and spiritual growth of students and staff.
- Create aesthetically sensitive, socially committed and technologically competent Engineers.

E&TC DEPARTMENT

Enormous efforts are taken with an objective to embed sound academic fundamentals among students to formulate, analyse and solve real life problems related to their domain and area of

ACADEMIC EXCELLENCE

VISION

To strive students for affirming quality through innovation in technical education.

MISSION

1. To contribute in magnified education that enumerates and accomplishes brilliance in teaching learning process and innovation.
2. To create passion amongst students for contributing to research by providing industry exposure.
3. To inspire students and faculty by providing them various opportunities with industry oriented learning
4. To develop professional attitude, moral and ethical values among students for society

Workshops, Sessions and Add-On Courses:

Date of Session: September 2022

Time of event: 09.00 am to 05.00pm

Students : (SE/TE/BE), Faculty.

ANANT SAMRUDHII CLOTH DONATION CAMP:

"Happiness doesn't come as a result from what we get, but from what we give."

This drive was conducted in the college premises. The timings were from 11:00 am till 5:00 pm. A bench was set up on the main Entry passage of APCOER College where interested people could come and donate clothes.

FACULTY DEVELOPMENT:

Autofina Robotics Training Workshop

Date : 19th – 24th Dec 2022

Faculty : Prof. Sharad Jagtap and Prof . Ashwini Suryawanshi from E&TC Dept.

In this Workshop, The Faculties has got the opportunity to hands on experience on Robotics. Around 10 faculties from APCOER College took part in the workshop. Autofina Robotics Use state of the art tools and accessories such as Teach Pendants, Pneumatics, Grippers and Sensors which are the established internationally used standard in industrial applications. Robot used by them offer payloads up to 10kg, reach up to 800mm, provide a remarkable repeatability of <50 microns, and a Mean Time Between Failures (MTBF) of 20,000 hours. By enabling the commoditisation of industrial robots, Autofina is driving the future of automation forward.
