Subject: Seeking permission to change the visiting industries of our industrial visit planned at Chhatrapati Sambhaji Nagar.

Respected sir,

As mentioned in the above Subject, We Department of Computer Engineering want to inform you that, because of sudden Internal audit scheduled at the SKODA campus our planned industrial visit of same campus is cancelled. Now we contacted to three new industries namely Tool tech Tooling, Expert Global and Saideep Alloy's Extrusion Pvt. Ltd from Chhatrapati Sambhaji Nagar and Ahilyanagar respectively.

So as per the revised plan, now we are visiting Tool Tech Tooling, Expert Global and High Court at Chhatrapati Sambhaji Nagar on 08th April 2025 and Saideep Alloy's Extrusion Pvt. Ltd at Ahilyanagar on 09th April 2025.

There is no any change in the faculties and supporting staff allocated to the Industrial visit.

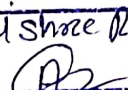

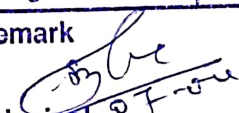

This is for your kind information and necessary actions.

Thanking You,

Date: 07/04/2025.

Subject: Regarding Permission for Industrial Visit to SKODA Company and Aurangabad High Court, Chhatrapati Sambhaji Nagar.

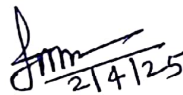

Respected sir,

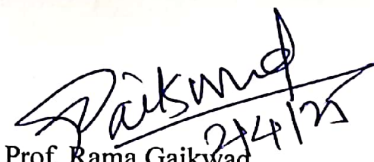

With respect to above mentioned Subject, We Department of Computer Engineering, wish to plan an industrial visit for Computer Engineering Students to SKODA Company and Aurangabad High Court Chhatrapati Sambhaji Nagar. The visit will include guided tours of visit Study tour to understand process of Car Assembly and Role of Computer Engineering to simplify this process. Students will get an exposure to Automotive Manufacturing, Software System and Automotive Technologies used in the industry. The visit will help our students understand AI applications, IoT, Cyber Security, and Embedded Systems in automotive manufacturing.

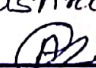

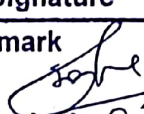

We would like to visit on 8th to 9th April 2025, with a group of approximately 40 students. There will be 6 Teaching faculty, 1 Peon members accompanying the students. All the expenditure will be collected from the Students. So, we are requesting you to kindly permit us for two day industrial visit on Sunday 08th April 2025 to 9th April 2025.

Thanking You,

Industrial Visit Report			

Brief Report:-

As a part of the curriculum, the students are required to undertake Industrial Visit to a few industries of repute. We feel it will be useful that the students with academic background have a glimpse of the industry in order to have a better appreciation of practical application of theory.

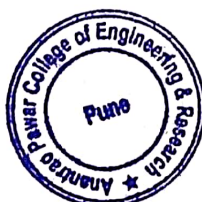

Industrial Visit was conducted under the Project Based Learning and Audit Course of Industrial Safety & Environment Consciousness as prescribed in SE, TE and BE Computer engineering syllabus of SPPU on Tuesday 08th April 2025 & Wednesday 09th April 2025. The Industrial visit was planned at 1) Rucha Engineers Pvt. Ltd., K-249 Sector, MIDC Waluj, Chhatrapati Sambhaji Nagar. 2) Tool Tech Tooling, MIDC Waluj, Chhatrapati Sambhaji Nagar 3) Aurangabad Bench, Bombay High Court, Chhatrapati Sambhaji 4) Saideep Alloys Extrusion Pvt. Ltd., Ahilyanagar

An industrial visit serves as a vital part of professional education, offering students and participants a practical perspective on the internal workings of industries. The objective of the visit is to bridge the gap between theoretical knowledge and real-time industrial practices.

During our visit to various industries in MIDC Waluj and Ahilyanagar, Chhatrapati Sambhaji Nagar, including Rucha Engineers Pvt. Ltd., Tool Tech Tooling, and Saideep Alloys Extrusion Pvt. Ltd., we had the opportunity to witness firsthand the operations, machinery, production processes, and quality control methods involved in different manufacturing domains.

The visit aimed to:

1. Enhance students' understanding of industrial workflows and safety standards.
2. Provide exposure to modern technologies like AI applications, IoT, Cyber Security, and Embedded Systems in automotive manufacturing.
3. Help correlate academic learning with industry applications

Industrial Visit Report			

1. Rucha Engineers Pvt. Ltd., K-249 Sector, MIDC Waluj

The visit to **Rucha Engineers Pvt. Ltd.** offered insights into the advanced manufacturing processes in the automotive component sector. The company specializes in sheet metal components, assemblies, and engineering solutions. Participants observed the production line, quality control measures, and learned about lean manufacturing principles being practiced at the facility. The interaction with the engineering team helped deepen our understanding of real-world applications of mechanical and industrial engineering concepts.

2. Tool Tech Tooling, MIDC Waluj

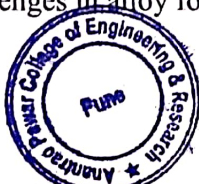

At **Tool Tech Tooling**, we explored the precision tooling and mold-making processes used in various manufacturing industries. The team explained the design and development stages of tool and die manufacturing. The use of CAD/CAM software and CNC machinery in production was particularly informative for students pursuing design and production engineering.

3. Aurangabad Bench, Bombay High Court, Chhatrapati Sambhaji Nagar

The visit to the **Aurangabad Bench of the Bombay High Court** provided an excellent opportunity to observe judicial proceedings firsthand. Students attended live sessions in the courtroom, where they gained a deeper appreciation for legal procedures, the role of judges and advocates, and the importance of law in upholding justice. A briefing session by legal professionals helped demystify complex legal terminologies and case management protocols.

4. Saideep Alloys Extrusion Pvt. Ltd., Ahilyanagar

The final visit was to **Saideep Alloys Extrusion Pvt. Ltd.**, a company specializing in aluminum extrusion and alloy production. The team walked us through the various extrusion processes, including billet heating, pressing, and final finishing. They also emphasized their commitment to sustainability and recycling in metal processing. The technical briefing helped participants understand the challenges in alloy formulation and quality assurance.

Industrial Visit Report			

Such visits not only broaden the technical knowledge of participants but also encourage interaction with industry professionals, helping to develop insights into career opportunities and expectations in the professional world.

These visits were highly enriching and contributed significantly to the participants' practical knowledge. They bridged the gap between theoretical concepts and industrial practices, and gave valuable exposure to different sectors including manufacturing, tooling, legal processes, and Automation.
