EVENT REPORT			

Name of Event: "Mathematics Day" Celebration 2024

Date of Event: 21st December 2024

Time of event: 10 am onwards

Venue: G meet link – <https://meet.google.com/ygr-wxyu-sbj>

Name of Event Coordinator: Dr. Rashmi Kenvat

Target Audience: APCOER First year Engineering Students.

Mode of Event: Online

Guest Speaker: Dr. Manjusha P. Gandhi, Associate Professor, Yeshwantrao Chavan College of Engineering, Nagpur.

Brief Description of Event: National Mathematics Day celebrated on the Occasion of anniversary of India's most famous mathematician Srinivasan Ramanujan. Ramanujan's genius has been regarded by mathematicians to be on the same level as Euler and Jacobi from the 18th and 19th centuries. His work in the number theory is especially regarded and made advances in the partition function. Since 2012, India's National Mathematics Day is recognized on December 22 annually with numerous educational events held at schools and universities throughout the country.

The event began with lecture by Dr. Manjusha P. Gandhi, Associate Professor, Yeshwantrao Chavan College of Engineering, Nagpur. Dr. Gandhi shared insights on the theme "Mathematics Day" and emphasized the practical applications of mathematics in various fields. Her engaging presentation was well-received, inspiring students and faculty alike.

Quiz Competition:

Following the lecture, a lively Mathematics **Quiz Competition** was conducted, which witnessed enthusiastic participation from students across various departments. The quiz tested participants' mathematical knowledge and problem-solving skills, creating a spirited and competitive atmosphere.

Quiz Winners:

First Prize: Anushka Sachin Ghodele

	Record No.: ACA/D/021 Revision: 00	DOI : 02/01/2023	
EVENT REPORT			

Second Prize: Tejas Vijay Trivedi

Third Prize: Suhani Vijay Lad

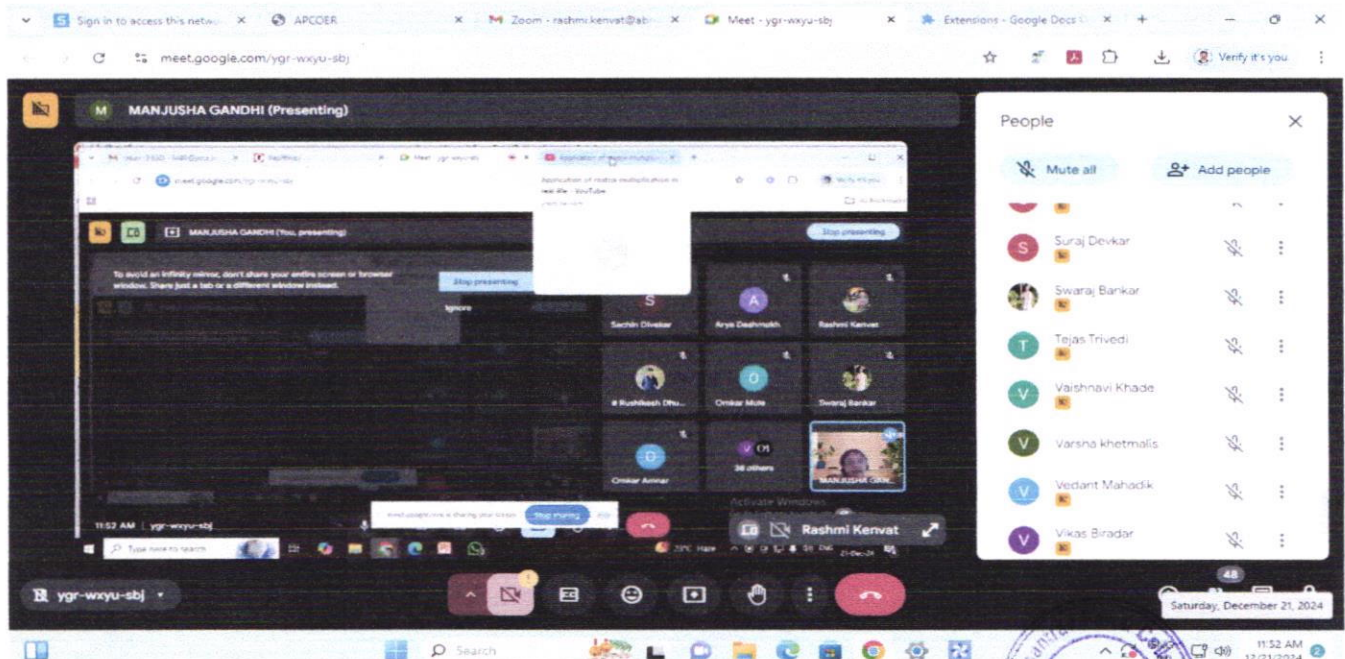

At the end of the event, winners were announced and congratulated for their outstanding performance. They were awarded certificates and attractive prizes.

The session was highly informative and motivated students to explore learning the German language as a skill that could enhance their career prospects. It was well-received by students and faculty members, who expressed their appreciation for Mr. Babar's valuable insights and guidance.

Conclusion:

The Mathematics Day celebration was a grand success, with active participation from students and faculty. The event provided a platform to honor the contributions of Srinivasa Ramanujan while promoting a deeper understanding and love for mathematics.

Graphs:

- The most common application of derivative is to analyze graphs of data that can be calculated from many different fields. Using derivative one is able to calculate the gradient at any point of a graph.
