ANNUAL SPORTS REPORT 2024–25

“A healthy mind resides in a healthy body.”

At Anantrao Pawar College of Engineering and Research (APCOER), we firmly believe that *Physical Education is an integral part of the total education system*. It contributes to the holistic development of students—enhancing not just academic excellence but also physical strength, mental well-being, and emotional resilience.

Games and sports hold a vital place in a student's life. While academic achievement is crucial, physical activities invigorate the body and mind, helping students relieve mental fatigue and maintain overall well-being. Education without sports is truly incomplete.
