Event Report			

Name of Event: **Poster Presentation Competition (On National Science Day)**

Date of Event: 06th March 2026

Time of event: 2:00 pm to 4.00 pm

Name of Event Coordinator: Asst.Prof. Rupali Mehete, Asst.Prof Laxmi Bichhal

Target Audience : F.E. Students

Institute Vision Mission

Vision:

Committed to comprehensive development of students through quality technical education.

Mission:

- 1) To Provide state of art infrastructure that shall create ambience to encourage novel ideas, research activities and consultancy services.
- 2) To inspire students in creation & entrepreneurship.
- 3) To create future technocrats with intelligence, technical skills, & good ethical moral values so as to Serve needs of society & industries.
- 4) To provide healthy Teaching-Learning environment that will cultivate contemporary research activities, Innovations & inventions.
- 5) To develop center of excellence in technical education.

First Year Engineering Department

Vision:

To offer students innovative fundamental courses and academic advising opportunity to explore engineering education to take up their core program education. .

Mission:

1. Inculcate the spirit of team work, innovation and entrepreneurship among the students through Continuous teaching Learning Process.
2. Suggest methods to identifying right problems for fundamental courses
3. To provide beneficial environment for Technical Education and Overall personality development
4. To introduce multiple tools for assessing and evaluating for potential Innovations .

Brief discussion of session

Rupali Mehete

Event Report			

The First Year Department of engineering organized “**Poster Presentation Compitation**” on occasion of **National Science Day** on 06th March 2026. The Topic of the poster presentation is “**Science Behind Engineering**” The event began with inauguration by Ganesh Kondhalkar Sir. and welcoming Examiners Dr. Dattatray Kamble Head of Mechanical Department and Prof. Anil Lohar Assistant Professor Computer Department, by Dr. Balaji Selukar Head of Department First Year Department.

Objective of the session

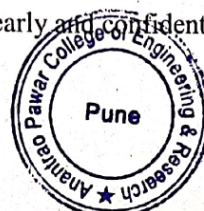

- To motivate students to develop and present innovative engineering ideas, concepts, and solutions to real-world problems..
- To promote research, analysis, and the ability to collect and organize technical information effectively.
- To help students present complex engineering concepts in a clear, concise, and visually engaging manner.
- To encourage the use of diagrams, charts, models, and graphics for better understanding of technical topics.
- To build confidence among students while explaining their ideas and interacting with judges and audiences.

Highlights of the session :

- A large number of students from the engineering branch actively participated and presented their innovative ideas through posters.
- Participants presented posters on various engineering topics such as new technologies, sustainable solutions, innovative designs, and modern engineering applications..
- Sudents displayed creative posters using diagrams, charts, models, and illustrations to explain complex engineering concepts effectively.
- Each participant explained their poster to judges and the audience, followed by questions and discussions, making the session highly interactive
- The event motivated students to think creatively and develop practical engineering solutions for real-world problems
- The best posters were awarded prizes and certificates, encouraging students to continue exploring research and innovation.

Outcomes:

- Students gained a better understanding of various engineering concepts and modern technological developments..
- Participants developed the ability to research, analyze, and organize technical information related to their topics.
- Students improved their skills in explaining technical ideas clearly and confidently to judges and peers.

Ramkumar

	Akhil Bharatiya Maratha Shikshan Parishad's Anantrao Pawar College of Engineering & Research, Pune		
	Record No.: ACA/D/021 Revision: 00	DoI: 01/02/2025	
Event Report			

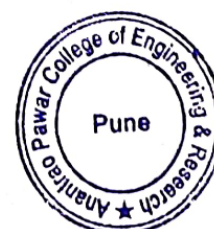

- The competition encouraged students to think creatively and present innovative engineering ideas and solutions.
- The session inspired students to explore more engineering topics, projects, and research activities in the future.

Winners of Competition:

Sr.No	Group No.	Name of Students	Prize(In Cash)	Amount
1	15	Pattanshetty Sakshi Jadhav Samruddhi Verma Mehek	First Prize	600/-
2	18	Pasalkar Prapti Teli Sakshi	Second Prize	450/-
3	07	Gadade Punam Bandhari Khushi Gajalkar Aparna	Third Prize	300/-

Mapped CO\PO\PSO

- | | |
|--|--|
| <ul style="list-style-type: none"> ▪ PO8 – Ethics | <p>Apply ethical principles and commit to professional ethics and responsibilities and norms of engineering practice.</p> |
| <ul style="list-style-type: none"> ▪ PO9 – Individual and Team Work | <p>Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.</p> |
| <ul style="list-style-type: none"> ▪ PO10 – Communication Skills | <p>Communicate effectively on complex engineering activities with the engineering community and with society at large.</p> |
| <ul style="list-style-type: none"> ▪ PO11 – Project Management and Finance | <p>Demonstrate knowledge and understanding of engineering and management principles and apply these to one's own work, as a member and leader in a team.</p> |

Conclusion:

The program concluded with a vote of thanks by **Dr Balaji Selukar** , expressing heartfelt gratitude to the

Event Report			

distinguished Examiner for their Expertise in evaluation and valuable time.
The event was well appreciated by students and faculty members and marked a meaningful step in fostering personal growth and self-awareness among first-year engineering students.
