Notice for Students			

Civil Engineering Department

All the students of SE, TE and BE Civil Engineering are hereby informed that, Seminar on “1% Digital Engineer” Digital Engineering Awareness Session for Civil Engineering Students by Design Studio – CAD and BIM Training Institute, India., is arranged on 23/3/2026 at 11:00 am to 12:00 am in Civil Seminar Hall. All are instructed to attend the same.

Attendance is compulsory to all

Date – 20/3/2026

Prof. H. J. Abhichandani and Prof. A. A. Chavan
Seminar coordinator

Dr. R. R. Sorate
Head, Civil Engg

	Akhil Bharatiya Maratha Shikshan Parishad's Anantrao Pawar College of Engineering & Research		
	Record No.: ACA/D/021 Revision: 00	DoI: 01/02/2025	
Event Report			

Name of Event: Seminar on “1% Digital Engineer” Digital Engineering Awareness Session for Civil Engineering Students by Design Studio – CAD and BIM Training Institute, India.

Date of Event: 23/3/2026

Time of Event: 11:00 am to 12:00 am

Name of Event Coordinator: Prof. A. A. Chavan and Prof. H. J. Abhichandani

Name of Resource Person: Mr. Kishor Lekurwale

Objectives: The objective of this session is to create awareness among students about the importance of digital tools in the civil engineering industry and to bridge the gap between academic learning and practical industry applications. During the session, students will be introduced to the concept of the “1% Digital Engineer” initiative, the role of BIM in modern infrastructure projects and the opportunities available for developing digital engineering skills.

Brief About Event:

The seminar on “1% Digital Engineer – Digital Engineering Awareness Session for Civil Engineering Students” commenced with a warm welcome to the guest speaker from the organization Design Studio – CAD and BIM Training Institute. The session began with a traditional Lamp Lighting Ceremony and Saraswati Poojan, invoking blessings for the success of the event.

The seminar briefing was delivered by Prof. H. J. Abhichandani, who provided an overview of the session and emphasized the importance of bridging the gap between academic learning and industry requirements. This was followed by an inspiring address by Dr. R. R. Sorate, Head of the Civil Engineering Department, who highlighted the growing significance of digital engineering tools in the modern construction industry and encouraged students to adapt to technological advancements.

Prof. Amruta Chavan introduced the honorable speaker, appreciating their expertise and contributions in the field of digital engineering, CAD, and BIM technologies. A felicitation ceremony was then conducted by Dr. R. R. Sorate to honor the guest speaker and acknowledge their valuable presence.

As an engaging and creative initiative, students performed short acts depicting real-world challenges faced on construction sites due to the lack of digital tools—such as design errors, miscommunication, delays, and inefficiencies in project execution. These performances effectively created awareness about the limitations of traditional practices and set the context for the session.

Abhichandani

	Record No.: ACA/D/021 Revision: 00	DoI: 01/02/2025	
Event Report			

Building upon these acts, the guest speaker delivered an insightful session on the concept of a “1% Digital Engineer”, emphasizing that only a small percentage of engineers possess advanced digital skills that make them highly competitive in the global job market. The speaker elaborated on the importance of mastering tools such as AutoCAD, Revit, BIM platforms, and project management software to stay relevant in the industry.

As part of this Corporate Social Responsibility (CSR) learning initiative, the student interaction session at the college was conducted completely free of cost. However, students who wished to participate in the hands-on software workshops conducted at the institute were required to register with a nominal and fully refundable commitment amount of ₹325. This amount was collected solely to ensure serious participation and effective batch management, and it would be refunded upon attending the workshop session. Participation in these workshops was entirely optional and based on student interest, encouraging motivated learners to gain practical exposure without financial burden.

The event concluded with a heartfelt Vote of Thanks by Prof. Amruta Chavan, expressing sincere gratitude to the guest speaker, faculty members, and students for their enthusiastic participation and contribution towards making the seminar a success.

No. of beneficiaries: 54

Outcome of the Program:

Students gained a clear understanding of the importance of digital engineering skills in the modern construction industry. Awareness was created about advanced tools such as CAD, BIM, and project management software, which are essential for industry readiness. The concept of becoming a “1% Digital Engineer” motivated students to focus on skill enhancement and continuous learning. The session provided clarity regarding career opportunities in areas such as BIM engineering, design, and project management.

Subject: Invitation to Conduct a seminar on “1% Digital Engineer” – Digital Engineering Awareness Session

Dear Sir,

The Department of Civil Engineering, Anantrao Pawar College of Engineering & Research, Pune, cordially invites your esteemed organization to conduct a seminar on “1% Digital Engineer” – Digital Engineering Awareness Session for the Civil Engineering students.

The objective of this seminar is to create awareness among students regarding the importance of Digital Engineering, CAD, BIM technologies, and emerging trends in the civil engineering industry. Your expertise and practical knowledge in this field will greatly benefit our students and help them understand industry expectations and career opportunities.

We request you to kindly conduct the session on 23/03/2026 in our college premises.

We look forward to your positive response and valuable guidance for our students.

Thanking You
Yours faithfully

Design Studio – CAD and BIM Training Institute, Pune

Dear Sir,
On behalf of the Department of Civil Engineering, Anantrao Pawar College of Engineering & Research, Pune, we express our sincere gratitude to Design Studio – CAD and BIM Training Institute, India for successfully conducting the seminar on “1% Digital Engineer” – Digital Engineering Awareness Session for our Civil Engineering students.

The session was highly informative, interactive, and beneficial for the students. Your valuable insights on Digital Engineering, CAD, BIM technologies, and industry-oriented skills motivated the students and enhanced their awareness regarding modern engineering practices and career opportunities. We truly appreciate the time, effort, and support extended by your organization in making this session successful. We look forward to continued collaboration in future academic and professional activities.

Thanking You.
