### EVENT SCHEDULE

#### Schedule of Day 1

Panel Member: Dr. Pratibha M. Alandakar, Dr. R. R. Sorate and Prof. R. P. Gaikwad

Time: 12:15 pm to 1:30 pm

Venue: Civil Seminar Hall

Event Execution Session 1

| Sr. No. | Group ID | Name of Project/Paper                                     | Time for Presentation |
|---------|----------|-----------------------------------------------------------|-----------------------|
| 1       | CE1      | Experimental Study In Cover Block By Using Plastic Waste  | 12:15 pm to 12:30 pm  |
| 2       | CE3      | Bridge Bearing                                            | 12:30 pm to 12:45 pm  |
| 3       | CE4      | To Check The Strength of Concrete Using Plastic Materials | 12:45 pm to 1:00 pm   |
| 4       | CE5      | Piezoelectric Tiles                                       | 1:00 pm to 1:15 pm    |
| 5       | CE6      | Materials on road construction.                           | 1:15 pm to 1:30 pm    |

Panel Member: Dr. Pratibha M. Alandakar, Dr. R. R. Sorate and Prof. R. P. Gaikwad

Time: 2:30 pm to 5:00 pm

Venue: Civil Seminar Hall

Event Execution Session 2

| Sr. No. | Group ID | Name of Project/Paper                                                             | Time for Presentation |
|---------|----------|-----------------------------------------------------------------------------------|-----------------------|
| 1       | CE8      | Fiber reinforcement concrete by using recycled aggregate                          | 2:30 pm to 2:45 pm    |
| 2       | CE9      | Grey Water Reuse                                                                  | 2:45 pm to 3:00 pm    |
| 3       | CE11     | Identification of Geopathic Stress with Black Spot Mapping Using AutoCAD          | 3:00 pm to 3:15 pm    |
| 4       | CE13     | Turbidity removal using moringa oliefera tablet                                   | 3:15 pm to 3:30 pm    |
| 5       | CE14     | Effect of junction Geometry on Turbulence and flow separation in Pressure Tunnels | 3:30 pm to 3:45 pm    |
| 6       | CE16     | Study of Wathar watershed                                                         | 3:45 pm to 4:00 pm    |

**Name of Event:** International Symposium scheduled SparkTech 2K26 – Project/Paper Competition (Civil Engineering Department) under ISTE Student Chapter.

**Date of Event:** 05<sup>th</sup> & 06<sup>th</sup> March 2026

**Venue of Event:** Hybrid mode and offline mode: Civil Seminar Hall

**Time of Event:** 10:30 am to 5:30 pm

**Name of Departmental Event Coordinator:** Prof. Harsha J Abhichandani

**Name of Departmental Technical Head:** Sourabh Deng

**Name of Guest:** Dr. Pratibha M. Alandakar, Head of Department, Department of Civil Engineering, RMD Sinhgad Technical Institutes Campus (RMDSTIC), Pune and Member, Board of Studies (Civil Engineering), Savitribai Phule Pune University (SPPU), Pune

**Objectives:** 1. To encourage students to develop new ideas and innovative solutions for real-life problems in Civil Engineering.  
2. To improve the technical knowledge and presentation skills of students through paper presentations and project demonstrations.

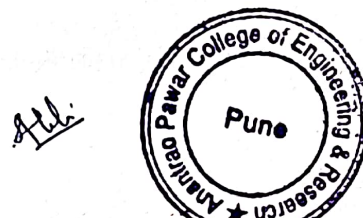

**Brief About Event: (Detail Program Description) :**

**Day 1: 5th March 2026**

Before the Departmental Inauguration Function, the college-level inauguration of the International Symposium *SparkTech 2K26* was conducted by the ISTE Student Chapter students. The program was held in the presence of the Principal and Head of the Department, marking the formal commencement of the symposium activities.

The Department of Civil Engineering organized the Departmental Inauguration Function on 5th March 2026 as a part of the International Symposium *SparkTech 2K26* under the ISTE Student Chapter. The program began with the welcome of the honorable speaker. This was followed by the Lamp Lighting Ceremony and Saraswati Poojan, symbolizing the beginning of the event with blessings for knowledge and wisdom. After this, Dr. R. R. Sorate, Head of the Civil Engineering Department, addressed the gathering and highlighted the importance of technical activities and student participation in such academic events.

The introduction of the honorable speaker was delivered by Mr. Nikhil Tilekar, TE student. The guest was then felicitated by Dr. R. R. Sorate as a mark of respect and appreciation. The guest addressed the audience, sharing valuable insights and motivating students to actively participate in technical events, research activities, and innovative projects in the field of Civil Engineering.

Later, Prof. Harsha Abhichandani briefed the participants about the activities planned for SparkTech 2K26, including the project and paper competitions organized under the symposium. The program concluded with a Vote of Thanks, expressing gratitude to the chief guest, faculty members, and students for their presence and support. The inaugural function was successfully conducted with enthusiastic participation from students and faculty members.

Anchoring was done by TE students Bhumi and Disha. After the Departmental Inauguration Function, the technical activities of SparkTech 2K26 were conducted in different sessions. A breakfast break was arranged for the participants before starting the technical sessions. Event Execution Session 1 was conducted in the Civil Seminar Hall. The session was evaluated by the panel members Dr. Pratibha M. Alandakar, Dr. R. R. Sorate, and Prof. R. P. Gaikwad. During this session, students presented their projects and papers, and the panel members interacted with the participants and provided valuable suggestions and guidance. After the completion of the first session, a lunch break was arranged for all participants.

Later, Event Execution Session 2 was conducted in the Civil Seminar Hall, where students continued presenting their projects and papers. This session was also evaluated by the same panel members Dr. Pratibha M. Alandakar, Dr. R. R. Sorate, and Prof. R. P. Gaikwad. The session witnessed active participation from students and appreciation from the judges.

Along with the offline sessions, Event Execution Session 3 was conducted in online mode through Google Meet. The session was evaluated by Dr. Krantikumar Mhetre. Participants from different institutes joined the session virtually and presented their papers. The session was successfully conducted with active participation and smooth coordination in online mode.

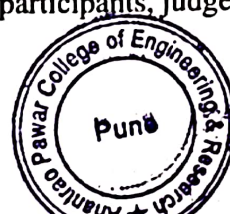

## Day 2: 6th March 2026

On the second day of SparkTech 2K26, the technical activities continued with Event Execution Session 4, which was conducted in the Civil Seminar Hall. The session was evaluated by the panel members Dr. Sagar Gawande, Dr. A. B. Shelar, and Prof. A. A. Chavan. During this session, students presented their projects and papers, and the panel members assessed the presentations and provided valuable feedback and suggestions to the participants. The session witnessed enthusiastic participation from students, and the judges appreciated the innovative ideas and efforts demonstrated in the presentations.

The success of the event was possible due to the active support and participation of students, who contributed in various activities such as decoration, rangoli preparation, certificate writing, and anchoring of the program. Their efforts played an important role in the smooth and successful conduct of the symposium.

Later, the event concluded with the Prize Distribution Ceremony, where winners of the project and paper competition were felicitated and awarded for their outstanding performances. The prize money for group events was given in cash, while for other participants it was transferred online. The program ended successfully with appreciation for all participants, judges, faculty members, and the organizing team for their support and cooperation

**No. of beneficiaries:** 111 students (Hybrid mode) (Including 2 International and 40 Ms)

**Outcome of the Program:** 1. The program helped students improve their technical knowledge, presentation skills, and confidence through project and paper presentations.

2. It encouraged innovation, teamwork, and interaction with expert panel members, motivating students to participate in more technical activities.

**Mapped PSO/PEO/PO:** Project and paper presentations, students also gained exposure to modern tools, technical discussions, teamwork, and communication skills, which support PSO 1, PSO 2, and PSO 3. Furthermore, the program encouraged professional development, leadership qualities, and lifelong learning, contributing to the achievement of PEO 1, PEO 2, and PEO 3. Through project and paper presentations, students applied their engineering knowledge and problem-solving abilities (PO1, PO2) and developed creative solutions for civil engineering problems (PO3). The event also encouraged students to use modern engineering and IT tools (PO5) and understand the societal and environmental aspects of engineering solutions (PO6). In addition, students improved their teamwork, communication, and presentation skills (PO8, PO9) while working in groups and presenting their ideas. The competition also promoted project management skills and lifelong learning among students (PO10, PO11).

|                | ✓     |         |          |                   |

3. Overall how would you rate participants of the event?

| Excellent | Very Good | Good | Average | Poor |
|-----------|-----------|------|---------|------|
|           |           | ✓    |         |      |

4. How organized was the event?

| Extremely Well organized | Very well organized | Well organized | Not so organized | Not at all organized |
|--------------------------|---------------------|----------------|------------------|----------------------|
|                          | ✓                   |                |                  |                      |

5. Do you think the event met its goals?

| Strongly agree | Agree | Neutral | Disagree | Strongly Disagree |
|----------------|-------|---------|----------|-------------------|
|                | ✓     |         |          |                   |

6. As per your opinion, which **Program Outcomes (POs)** have been fulfilled after the successful completion of this event? **PO2, PO3, PO8**

(Refer to the list of POs conforming to the NEP 2024 syllabus printed on the back of this page.):

7.

**Suggestions and Comments:**

## Curriculum for Second Year - Civil Engineering (2024 Pattern)

### Program Outcomes (PO's)

Program Outcomes are statements that describe what students are expected to know and be able to do upon graduating from the program. These relate to the skills, knowledge, attitude and behavior that students acquire through the program. On successful completion of Civil Engineering, graduating students/graduates will be able to:

|      |                                            |                                                                                                                                                                                                                                                                                                                 |
|------|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| PO1  | Engineering knowledge                      | Engineering Knowledge: Apply knowledge of mathematics, natural science, computing, engineering fundamentals and an engineering specialization as specified in WK1 to WK4 respectively to develop the solution of complex engineering problems.                                                                  |
| PO2  | Problem analysis                           | Problem Analysis: Identify, formulate, review research literature and analyze complex engineering problems reaching substantiated conclusions with consideration for sustainable development. (WK1 to WK4)                                                                                                      |
| PO3  | Design / Development of Solutions          | Design/Development of Solutions: Design creative solutions for complex engineering problems and design/develop systems/components/processes to meet identified needs with consideration for the public health and safety, whole-life cost, net zero carbon, culture, society and environment as required. (WK5) |
| PO4  | Conduct Investigations of Complex Problems | Conduct investigations of complex engineering problems using research-based knowledge including design of experiments, modelling, analysis & interpretation of data to provide valid conclusions. (WK8).                                                                                                        |
| PO5  | Engineering Tool Usage                     | Create, select and apply appropriate techniques, resources and modern engineering & IT tools, including prediction and modelling recognizing their limitations to solve complex engineering problems. (WK2 and WK6)                                                                                             |
| PO6  | The Engineer and The World                 | Analyze and evaluate societal and environmental aspects while solving complex engineering problems for its impact on sustainability with reference to economy, health, safety, legal framework, culture and environment. (WK1, WK5, and WK7).                                                                   |
| PO7  | Ethics                                     | Apply ethical principles and commit to professional ethics, human values, diversity and inclusion; adhere to national & international laws. (WK9)                                                                                                                                                               |
| PO8  | Individual and Collaborative Teamwork      | Function effectively as an individual, and as a member or leader in diverse/multi-disciplinary teams.                                                                                                                                                                                                           |
| PO9  | Communication                              | Communicate effectively and inclusively within the engineering community and society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations considering cultural, language, and learning differences                                     |
| PO10 | Project Management and Finance             | Apply knowledge and understanding of engineering management principles and economic decision-making and apply these to one's own work, as a member and leader in a team, and to manage projects and in multidisciplinary environments.                                                                          |
| PO11 | Life-Long Learning                         | Recognize the need for, and have the preparation and ability for i) independent and life-long learning ii) adaptability to new and emerging technologies and iii) critical thinking in the broadest context of technological change. (WK8)                                                                      |

**Subject:** Invitation to Serve as Evaluator for International Symposium scheduled SparkTech 2026 – ISTE Student Chapter on 05<sup>th</sup> & 06<sup>th</sup> March 2026 at APCOER,Pune.

Respected Madam,

Greetings from ABMSP's Anantrao Pawar College of Engineering & Research (APCOER), Pune. It gives us immense pleasure to invite you to serve as an **Evaluator** for the *International Symposium "SparkTech 2026"*, organized by the **ISTE Student Chapter, APCOER**, scheduled on **05<sup>th</sup> & 06<sup>th</sup> March 2026** at APCOER, Pune.

The symposium aims to provide a platform for students and researchers to present innovative ideas, technical projects, and research contributions in emerging areas of engineering and technology. Your vast academic experience and valuable association with academic bodies will greatly enrich the evaluation process and inspire participating students.

We sincerely request your gracious presence as an Evaluator for the technical sessions during the event. Your expert guidance and constructive feedback will significantly contribute to the success of the symposium.

Kindly confirm your availability at your convenience. We look forward to your positive response and esteemed participation.

Thanking You.

Yours faithfully

**Subject:** Letter of Thanks for Serving as Evaluator – International Symposium SparkTech 2026

**Respected Madam,**

Greetings from ABMSP's Anantrao Pawar College of Engineering & Research (APCOER), Pune.

On behalf of the Department of Civil Engineering and the ISTE Student Chapter of APCOER, we would like to express our heartfelt gratitude for your gracious presence and valuable contribution as an Evaluator for the International Symposium "SparkTech 2026", held on 05<sup>th</sup> & 06<sup>th</sup> March 2026 at APCOER, Pune.

Your expert evaluation, insightful guidance and encouraging interaction with the participants greatly enriched the technical sessions and motivated students to present innovative ideas and research in emerging areas of engineering and technology. Your support and constructive feedback played a significant role in making the event successful and meaningful for all participants.

We sincerely appreciate the time and effort you devoted to this academic event. It was truly an honor for us to have your esteemed presence and support.

Once again, we extend our sincere thanks and look forward to your continued guidance and association in future academic activities.

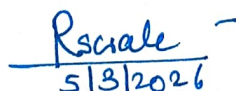

Thanking You.

Yours faithfully,

Respected Sir/Madam,

Our group,  
3D Slope Stability Analysis, has won the 3  
prize amounting to Rs 500 in "SPARKTECH 2K26  
International Symposium - Project/Paper 2K26." We  
confirm that Pratik varma has received the full prize  
amount on behalf of our group. We acknowledge the  
receipt of the prize amount and thank the organizers  
for the opportunity.
